

Oxendon House Newsletter February 2020

It has been a very exciting start to the year here at Oxendon House, and the January blues have been banished far away.

There is much to be looking forward to in February, and we start off with a bumper week!

First up we have the wonderful folks from Wings of Freedom returning to the home! They were a rip roaring success last time and the residents are sure to be just as thrilled this time round.

At the end of the week we will be celebrating Italian Day, where there will be food, drink and culture all centred around Italy!

Italian Day!

7th February

Oxendon House

Italian Quiz's,
music, food and
film!

Any friends and family
attending please RSVP
to Henry

Maureen's Day Out!

I was lucky enough to spend a day with Maureen visiting some of her favourite haunts in Market Harborough, we had a great time and it was fantastic to see what a valued member of the local community she is! I hope this will be the first of many trips out for us.

We went and carried out some of the more mundane tasks, before treating ourselves to a lovely lunch at Enigma. But ever the good friend, Maureen had volunteered to go and get Shirli's watch fixed, so we did that before getting a taxi back to Oxendon House.

Cheese and Wine Evening

It was a big thumbs up from the residents during the cheese and wine event that was put on in January. Lots of a laughter and the cheese selection went down very well indeed.

Coming in February...

- The first event in February will be our next theme day, when we will be celebrating all things Italian! There will be Italian films, music, quiz's and food!
- We also have a visit from the guys at Wings of Freedom, this was something the residents really enjoyed last time they came out.
- Perhaps most importantly our Gareth has volunteered to take part in a sponsored head shave! The aim of raising £200.00 for the residents fund! Please ask Henry or Gareth for details...
- Keep your eyes peeled for details of more events, we are planning an April expedition to raise money for the residents fund...
